ANNUAL REPORT

EXPERIENCE MATTERS

3 GOVERNANCE

3.5 CORPORATE GOVERNANCE

In this chapter the broad outline of SBM Offshore's corporate governance structure is explained, partly by reference to the principles mentioned in the Dutch Corporate Governance Code. This chapter indicates to what extent SBM Offshore applies the principles and best practice provisions in the Dutch Corporate Governance Code. This chapter describes the role of the corporate bodies, the role of the External Auditor and of the Stichting Continuïteit SBM Offshore.

On December 8, 2016 the Corporate Governance Code Monitoring Committee published the revised Dutch Corporate Governance Code (the Code). As the Code was enshrined in Dutch law by the cabinet in 2017, Dutch listed companies are required to report in 2018 on compliance with the revised Code in the 2017 financial year.

3.5.1 CORPORATE GOVERNANCE STRUCTURE

SBM Offshore N.V. is a limited liability company ('Naamloze Vennootschap') incorporated under the laws of the Netherlands with its corporate seat in Amsterdam. The Company is listed on the Amsterdam Euronext Exchange. The Company has a two-tier board consisting of a Supervisory Board and a Management Board. Each Board has its specific roles and tasks regulated by laws, the articles of association, the Corporate Governance Code, the Supervisory Board rules and Management Board rules. Further to the new Code, the Supervisory Board rules and Management Board rules were amended in August 2017 and are published on the Company's website, together with the articles of association. The implementation of the Corporate Governance Code has not led to substantial changes in the corporate governance structure of the Company in 2017.

SBM Offshore complies with all applicable principles and best practice provisions of the Dutch Code, the full text of which can be found on www.mccg.nl. The details on compliance with the Dutch Corporate Governance Code can be found on SBM Offshore's corporate website under 'Rules governing the Supervisory Board'.

3.5.2 MANAGEMENT BOARD

The Management Board currently consists of four members: the Chief Executive Officer, the Chief

Financial Officer, the Chief Operating Officer and the Chief Governance and Compliance Officer. The members of the Management Board are appointed and can be suspended or dismissed at the General Meeting. Further information about the appointment and dismissal of Management Board members can be found in SBM Offshore's articles of association.

The Management Board manages the Company. The Management Board is responsible for the continuity of the Company and its business. The Management Board establishes a position on the relevance of long-term value creation for the Company and its business and takes into account the relevant stakeholders' interests. In fulfilling its responsibilities, the Management Board is guided by the interests of the Company and its business.

Each year, the Management Board presents to the Supervisory Board the strategy of the Company, the Operational Plan and the financial objectives that allow quantification and progress measurement of the strategy implementation. The Company's Long Term Strategic Plan has been discussed with and was approved by the Supervisory Board in December 2017. The Operating Plan for 2018 will be formally adopted during the meeting of the Supervisory Board in February 2018.

The Management Board is responsible for determining the Company's risk profile and policy, designed to realize the Company's objectives, to assess and manage the Company's risks and to ensure that sound internal risk management and control systems are in place. The Management Board monitors the operation of the internal risk management and control systems and carries out a systematic assessment of their design and effectiveness at least once a year. This monitoring covers all material control measures relating to strategic, operational, compliance and reporting risks. Attention is given to observed weaknesses, instances of misconduct and irregularities, indications from whistleblowers.

The Management Board has adopted corporate core values for the Company that contribute to a culture focused on long-term value creation. These values are Integrity, Care, Entrepreneurship and Ownership and are regularly discussed with the Supervisory Board. The Management Board encourages behaviour that is in keeping with the values and propagates these values

through leading by example. The Management Board is responsible for the incorporation and maintenance of the values.

More information about the ways of working of the Management Board can be found in the Management Board rules, available on the Company's website.

3.5.3 SUPERVISORY BOARD AND COMMITTEES

The Supervisory Board supervises the policies, the management of the Company and its businesses, the effectiveness and the integrity of the internal control and risk management systems and procedures implemented by the Management Board as well as the general conduct of affairs of the Company and its businesses. The Supervisory Board also supervises the activities of the Management Board for creating a culture aimed at long-term value creation for the Company and its businesses. Furthermore the Supervisory Board assists the Management Board with advice in accordance with the Dutch Corporate Governance Code, the articles of association and the Supervisory Board rules. In the performance of its duties, the Supervisory Board is guided by the interests of the Company's various groups of stakeholders. In addition, certain (material) decisions of the Management Board, as stipulated in the Dutch Civil Code, articles of association or the Supervisory Board and Management Board rules, require the Supervisory Board's prior approval.

The Supervisory Board currently consists of eight members. Members of the Supervisory Board are appointed at the General Meeting following nomination by the Supervisory Board. Further information about the appointment and dismissal of Supervisory Board members can be found in SBM Offshore's articles of association.

Following the implementation of the 2017 Dutch Corporate Governance Code the appointment and reappointment periods of Supervisory Board members were amended. A Supervisory Board member is appointed for a period of four years and may then be reappointed once for another four-year period. A Supervisory Board member may subsequently be reappointed again for a third period of two years, which may be extended by at most two years.

The Supervisory Board has three subcommittees: the Audit and Finance Committee, the Appointment and Remuneration Committee and the Technical and Commercial Committee. The Appointment and Remuneration Committee is a joint committee with two separate chairpersons and two separate tasks: the selection and appointment preparation of Management Board and Supervisory Board members and the preparation of decision-making regarding remuneration matters. SBM Offshore has an internal audit department with direct reporting to the Supervisory Board through the Audit and Finance Committee. More information about the ways of working of the Supervisory Board and its committees can be found in the Supervisory Board and Committee rules, as available on the Company's website. The Supervisory Board has drawn up a retirement schedule for its members, which is also available on the Company's website.

The articles of association are reviewed on a regular basis and were last amended in April 2016.

Proposals of persons who are entitled to attend the shareholders meetings will only be included in the agenda if such proposals are made in writing to the Management Board not later than sixty (60) days before that meeting.

The proxy voting system used at the General Meetings of SBM Offshore is provided through ABN Amro Bank N.V. and by SGG Financial Services B.V. as independent third parties. The articles of association do not provide for any limitation of the transferability of the ordinary shares and the voting rights of shareholders is not subject to any limitation.

Analysts meetings, presentations to institutional or other investors and direct discussions with investors did not take place shortly before the publication of the regular financial information.

At the April 13, 2017 General Meeting 132,849,163 ordinary shares participated in the voting, equal to 62.23% (2016: 62.51%) of the then total outstanding share capital of 213,471,305 ordinary shares. All the proposed resolutions were approved with a majority of the votes. The outcome of the voting of the meeting was posted on the Company's website on the day following the General Meeting.

3.5.5 ISSUE AND REPURCHASE OF SHARES

The General Meeting or the Management Board, if authorized by the General Meeting and with the approval of the Supervisory Board, may resolve to issue shares.

The General Meeting or the Management Board, subject to the approval of the Supervisory Board, shall set the price and further conditions of issue, with due observance of the provisions contained in the articles of association. Shares shall never be issued below par, except in the case as referred to in section 80, subsection 2, Book 2, of the Dutch Civil Code. At the General Meeting of April 13, 2017, the shareholders have delegated to the Management Board for a period of eighteen months and subject to the approval of the Supervisory Board, the authority to issue ordinary shares up to 10% of the total outstanding shares at that time. The authorisation also includes the authorisation to 10% in case of mergers, acquisitions and/or strategic cooperation. In the same meeting, the shareholders have delegated the authority to the Management Board for a period of eighteen months as from April 13, 2017 and subject to the approval of the Supervisory Board to restrict or withdraw preferential rights of the shareholders in respect of ordinary shares when ordinary shares are being issued.

The Management Board may, with the authorization of the General Meeting and the Supervisory Board and without prejudice to the provisions of sections 98 and sections 98d, Book 2, Dutch Civil Code and the articles of association, cause the Company to acquire fully paid up shares in its own capital for valuable consideration. The Management Board may resolve, subject to the approval of the Supervisory Board, to dispose of shares acquired by the Company in its own capital. No pre-emption right shall exist in respect of such disposal. At the General Meeting of 2017, the shareholders have delegated the authority to the Management Board for a period of eighteen months as from April 13, 2017 and subject to approval of the Supervisory Board, to acquire up to 10% of the total outstanding shares at that time. In December 2016, SBM Offshore completed its EUR 150 million share repurchase program. The program was predominantly for share capital reduction purposes and, to a lesser extent, for employee share programs. At the 2017 General Meeting the shareholders approved to cancel the number of ordinary shares repurchased in 2016 and the shares potentially repurchased under the aforementioned authorization.

3.5.6 AUDITORS

The external auditor of SBM Offshore is appointed at the Annual General Meeting on the proposal of the Supervisory Board. During the Annual General meeting of 2014, PricewaterhouseCoopers Accountants N.V. was appointed auditor. Since the implementation of the Code, the current appointment is reviewed annually by the Audit and Finance Committee. The Audit and Finance Committee advises the Supervisory Board, which communicates the results of this assessment to the Annual General Meeting. The Audit and Finance Committee and the Management Board report their dealings with the external auditor to the Supervisory Board annually and discuss the auditor's independence.

The current lead auditor is Mr. M. de Ridder of PricewaterhouseCoopers Accountants N.V. He will be present at the Annual General Meeting 2018 and may be asked questions with regard to his statement on the fairness of the financial statements. The external auditor attends all meetings of the Audit and Finance Committee, as well as the meeting of the Supervisory Board at which the financial statements are approved. He receives the financial information and underlying reports of the quarterly figures and is given the opportunity to comment and respond to this information.

Based on auditor independence requirements, the lead auditor in charge of the SBM Offshore account is changed every five years. Pursuant to the Dutch Audit Profession Act (Wet op het accountantsberoep), the audit firm of a so-called public interest entity (such as a listed company) will have to be replaced if the audit firm performed the statutory audits of the Company for a period of ten consecutive years, at the latest in 2024.

Pursuant to the Audit Profession Act, the auditors are prohibited from providing the Company with services in the Netherlands other than 'audit services aimed to provide reliability concerning the information supplied by the audited client for the benefit of external users of this information and also for the benefit of the Supervisory Board, as referred to in the reports mentioned'. The Company has taken the position that no additional services may be provided by the external auditor and its global network that do not meet these requirements, unless local statutory requirements so dictate.

3.5.7 STICHTING CONTINUÏTEIT SBM OFFSHORE

In this paragraph, SBM Offshore's anti-takeover measures are described as well as the circumstances under which it is expected that these measures may be used.

A Foundation 'Stichting Continuïteit SBM Offshore' (the Foundation), has been established on March 15, 1988. In summary, the objectives of the Foundation are to represent the interests of SBM Offshore in such a way that the interests of the Company and of all parties involved in this are safeguarded, and that influences which could affect the independence, continuity and/or the identity of the Company in breach of those interests are deterred. The Foundation will perform its role, and take all actions required, at its sole discretion. In the exercise of its functions it will, however, be guided by the interests of the Company and the business enterprises connected with it, and all other stakeholders, including shareholders and employees.

The Foundation is managed by a Board, the composition of which is intended to ensure that an independent judgement may be made as to the interests of the Company. The Board consists of a number of experienced (former) senior executives of multinational companies. To be kept informed about the business and interests of the Company, the

3 GOVERNANCE

Chairman of the Supervisory Board, CEO and the CGCO are invited to attend the Foundation Board meetings.

The Board of the Foundation consists of: Mr. A.W. Veenman, Chairman, former CEO of the Nederlandse Spoorwegen, Mr. B. Vree, Vice-Chairman, former CEO of APM Terminals, Mr. R.H. Berkvens, CEO of Damen Shipyard, Mrs. H.F.M. Defesche, Company Secretary & Group Legal Counsel of Bosal Nederland B.V. and Mr. J.O. van Klinken, General Counsel & member of the Management Board at Aegon N.V. In 2017, Mr. R.P. Voogd retired at the end of his term.

The Management Board, with the approval of the Supervisory Board, has granted a call option to the Foundation to acquire a number of preference shares in the Company's share capital, carrying voting rights, equal to one half of the voting rights carried by the ordinary shares outstanding immediately prior to the exercise of the option, enabling it effectively to perform its functions as it, at its sole discretion and responsibility as it deems useful or desirable.

The option agreement between SBM Offshore and the Foundation was lastly amended and restated in 2011, to reflect a waiver by the Company of its put option and the alignment of the nominal value of the protective preference shares with the nominal value of ordinary shares by reducing the nominal value of EUR 1 to EUR 0.25 and the related increase in the number of protective preference shares as per the amended articles of association of the Company. The Foundation is independent as stipulated in clause 5:71 section 1 sub c Supervision Financial Market Act.

3.5.8 OTHER REGULATORY MATTERS

CONFLICTS OF INTEREST

The members of the Management Board have a services contract with SBM Offshore N.V. In these contracts it is stipulated that members of the Management Board may not compete with the Company. A change of control clause is included in the service agreement between the Company and each of the members of the Management Board.

The Management Board Rules and the Code of Conduct of the Company regulate matters of conflict of interest. The Supervisory Board Rules also contain regulation based on the Dutch Corporate Governance Code that deals with reporting of conflict of interest of

the Chairman and members of the Supervisory Board. Decisions to enter into transactions in which there are conflicts of interest with Management Board members that are of material significance to the Company and/or to the relevant Management Board members require the approval of the Supervisory Board. In 2017, there were no such transactions.

The Company's Code of Conduct does not permit employees and directors to accept gifts of value for themselves or their relatives, to provide advantages to third parties to the detriment of the Company or to take advantage of business opportunities to which SBM Offshore is entitled.

With reference to the Remuneration Policy, no loans or guarantees have been provided to members of the Management Board. No conflicts of interest in relation to the members of the Management Board or the Supervisory Board were reported during the year 2017.

REGULATIONS CONCERNING OWNERSHIP OF AND TRANSACTIONS IN SHARES

In addition to the Company's Insider Trading Rules, the Supervisory Board and Management Board rules contain a provision with regard to the ownership of and transactions in shares in the Company and in shares of Dutch listed companies other than SBM Offshore N.V. This provision stipulates that Supervisory Board and Management Board members will not trade in Company shares or other shares issued by entities other than the Company on the basis of share price sensitive information if this information has been obtained in the course of managing the Company's business.

For information about the shares (or other financial instruments) held in SBM Offshore N.V. by members of the Management Board, reference is made to Note 4.3.23 to the consolidated financial statements.

MANDATES WITH THIRD PARTIES

Reference is made to the overview of the Management Board and Supervisory Board members in section 3.1 and 3.2 of this report in which their material mandates outside SBM Offshore are listed. Management Board and Supervisory Board members shall inform the Supervisory Board before accepting positions outside the Company. Positions may not be accepted without the Supervisory Boards' prior approval. The position can not be in conflict with the Company's interest. The Company is fully compliant with best practice 2.4.2 of the Dutch Corporate Governance Code. Members of

the Management Board may also be appointed to the statutory board of the Company's operational entities.

CODE OF CONDUCT AND REPORTING OF ALLEGED IRREGULARITIES

The Company has a Code of Conduct, which was updated in March 2012 and is posted on the Company's website. The Company also has a procedure allowing employees to report alleged irregularities with respect to the Code without jeopardizing their employment position. A free phone and web-based reporting facility (the SBM Offshore Integrity Line) is in place, which employees can use – anonymously if they wish – in their own language. The facility is operated by an external provider, People Intouch. For more details on SBM Offshore's compliance program reference is made to section 3.8.

DIVERSITY

The Supervisory Board rules state that the composition of the Supervisory Board shall be such that the combined experience, expertise and diversity of the Supervisory Directors enables the Supervisory Board to best carry out its responsibilities. For SBM Offshore, the topic of diversity is of great importance, especially to have a workforce that reflects the international markets in which the Company is active. For that reason, the diversity policy of SBM Offshore is broader than gender diversity, and takes age, (work) experience and nationality also into consideration. Currently, the Supervisory Board consists of five male and three female members and covers four different nationalities. The Management Board has one French, one Swiss/French, one Dutch and one British member (all male). In succession planning, diversity is always taken into consideration whereby ultimately the most qualified candidates will be nominated for appointment.

LEADERSHIP TEAM

Since end of 2012, a Leadership Team is in place comprising of the Management Board members, the Managing Directors of the Company's Regional Centers, the Managing Directors of Gas Power & Renewables, Operations and FPSO Business unit as well as the Group Execution Functions Director, the Group HR Director, the Lead Executive Project Director and the Group Technology Director. The Leadership Team meets each quarter. In the meetings both strategic and operational topics are discussed. The Leadership Team facilitates decision-making without detracting from the exercise of statutory responsibilities by the members of

the Management Board and the internal Company authority matrix.

MISCELLANEOUS

SBM Offshore N.V. has a revolving credit facility under which the agreement of the participating banks must be obtained in the event of a change in control of the Company after a public take-over bid has been made. Under exceptional circumstances, certain vessel charter contracts contain clauses to the effect that the prior consent of the client is required in case of a change of control or merger or where the company resulting from such change of control or merger would have a lower financial rating or where such change of control or merger would affect the proper execution of the contract. In addition, local bidding rules and regulations (e.g. in Brazil for Petrobras) may require client approval for changes in control.
